

NOW ACCEPTING NOMINATIONS
for
2022's MOST ENDANGERED PLACES

The annual Most Endangered Places list, a vital program of Historic Fort Worth, Inc., is a marketing and educational tool that spotlights historic resources threatened by a variety of circumstances—extremely deferred maintenance, no local landmark designation, loss of parking, and lack of awareness of economic incentives to rehab historic buildings. Owners of properties recognized as “Endangered” benefit from increased public awareness and assistance from Historic Fort Worth to address these issues. As part of National Preservation Month, the announcement of the list will be made on Wednesday , May 8th at noon at Thistle Hill, located at 1509 Pennsylvania Avenue. May is National Preservation Month!
